"Innovate & Integrate: The IoT Nexus" delves into the intricate web of interconnected devices, exploring the dynamic landscape of the Internet of Things (IoT). Through a fusion of innovative technologies and seamless integration, this nexus represents the convergence of digital ecosystems, redefining how we interact with our surroundings. From smart homes to industrial automation, each node in this interconnected network adds layers of intelligence, enabling unprecedented levels of efficiency and convenience. Yet, amidst the boundless possibilities, challenges emerge, from security vulnerabilities to data privacy concerns. In this blurred realm where the physical and digital realms intertwine, "Innovate & Integrate: The IoT Nexus" invites exploration, promising both ground-breaking advancements and cautious contemplation of the implications of our connected future.

Dr. Jitendra Das, Director General, FORE was one of the Session Moderator for the session "Innovate & Integrate: The IoT Nexus" in this summit. He was accompanied by the following prominent co-panelists:

- Mr. Sharad K. Agarwal, Chief Digital & Information Officer, JK Tyre & Industries;
- Mr. Aditya Aggarwal, Executive Vice President Digital Enterprise, Maruti Suzuki India Ltd.;
- Mr. Deepak Sehrawat, Director of Engineering and Head, Wireless (Wi-Fi) & IoT/IIoT 'Center of Excellence' (CoE), Hughes Systique Corporation (HSC);
- Mr. Nikhil Maheshwari, Vice President, R&D and Innovation, Hindware Ltd.;
- Mr. Aditya Chaudhary, Business Head & Director, Connected Quality, Hexagon Manufacturing Intelligence; and
- Ms. Kamna Sama, Technology Leader & Head IT Large Businesses, Cummins.
